EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech (IT)	Madan Mohan Malaviya University of Technology, Gorakhpur	8.24	2023
Intermediate	Children Senior Secondary School, Azamgarh	84.6%	2018
High School	Children Senior Secondary School, Azamgarh	10	2016

EXPERIENCE

- CosmoCloud** Jan 2023 - Present
Frontend Developer Intern Remote
 - Contributing to the development of Cosmocloud, a cloud-based platform, by building the **frontend** from scratch using **React** and **TypeScript**.
 - Leveraging skills in **Ant Design** and **styled-components** to create intuitive and visually engaging interfaces.
- Scaler Academy** Jul 2022 - Dec 2022
Software Development Engineering Intern Bengaluru, India
 - Modernized the event admin panel and improved event creation efficiency by **90%** by creating generic components feature on **Scaler** and **Interviewbit** platforms.
 - Led the development of a new search feature that significantly improved **user experience** and increased **search efficiency**. Developed the search by email feature using **Ruby on Rails** in the backend and **React** in the frontend.
 - Introduced attributions to **track user activity** on Scaler Academy, Scaler DSML, and Scaler Neovarsity using **JavaScript**. Resolved issues with incomplete data and improved overall data accuracy.
- Imocha** Jan 2022 - Jun 2022
Angular Problem Setter Intern Pune, India
 - Contributed to the development of **Angular projects** for development hiring tests.
 - Developed and executed unit tests using the **Jasmine framework** to ensure the functionality and quality of the projects, as well as **automate the testing** of user submissions.

PROJECTS

- Portfolio Maker** Code | Live Dec 2022 - Jan 2023
 - Developed a web application using **React**, **Redux**, **Node**, **Express**, and **MongoDB** that enables users to create a personalized portfolio by **pulling information from popular coding platforms** such as LeetCode, GitHub, CodeForces, CodeChef, and HackerRank.
 - It allows users to create a profile, update their information, and add their coding platform usernames to generate a personalized portfolio.
 - Resulted in a streamlined and user-friendly tool for **showcasing coding skills and experience**.
- Leetcode IDE Clone** Code | Live June 2022
 - Built a web application using **React**, **Tailwind CSS**, **Monaco editor** and **Rapid API** that allows users to write, compile, and execute code in **over 40 programming languages**.
 - Improved user experience by providing a robust and user-friendly coding environment.

TECHNICAL SKILLS

- Programming:** C/C++, Data Structures, Algorithms, JavaScript, Python, OOPs, DBMS, SQL, Ruby, CSS, SCSS ,
- Tools & Databases:** Git, Firebase, MongoDB, mySQL
- Frameworks & Libraries:** React, Angular, Next.js, Ruby on Rails, Node.js, Jasmine, Tailwind CSS

ACHIEVEMENTS

- Achieved 311th rank globally in **Google Kickstart Round H 2022**
- Secured 60th rank globally in February Codechef **Starters 2020**
- Earned 89th rank in Codekaze **Battle Round 2021**
- Ranked 93rd in **ICPC Kanpur Mathura Region 2021**
- Placed 226th globally in Codechef **July Lunchtime 2021**
- Attained 435th rank (in ASIA) in **HackerRank Hackfest 2020**
- Max-Rating of **2000** on Leetcode.
- Max-Rating of **1884(4*)** on Codechef
